

## Awards (Academic and Non-Academic)

### MOE Edusave Awards:

Edusave Awards are given by the government annually to Singaporean students to help enhance educational opportunities and motivate students to excel in schools in academic and non-academic domains. These Singaporean students must have performed well or made good progress in their school work and have good conduct.

To emphasize the importance that MOE places on nurturing students with good values and character, MOE has introduced starting from 2012, an Edusave Character Award (ECHA) which recognises students who demonstrate exemplary values and personal qualities through their behaviour and actions. The Award supports the school's continuing efforts in nurturing students of good values and civic responsibility, and who are also active contributors and concerned citizens.

The different types of Edusave Awards are as follows:

Students whose gross household income exceeds \$5,000 may also qualify if their per capita income (PCI) does not exceed \$1,250. MOE has introduced the per capita income (PCI) as a parallel assessment criterion to benefit students from larger families.
